Work Sampling Checkpoint 3

May 30th Career Day

May is our time to close out 2018-2019 and prepare for 2019-2020 school year.

What needs to be done:

- All IEP's must be completed by June 14th
- Hold over names need to be turned over to me by May 24th make sure portfolios are prepared
- Observations are still on going
- HIV/AIDS lessons have to be administered
- Data card updates Make sure all children are on the data wall (use index cards)
- Dropbox Update check-in
- Running Records due May 31st (MOSL)

Ms. Casseus

Book of the Month

May 20th – May 24th

A Message from our CSD

Great Big Shout-Out to the 298 Learning Communities! Wanted to share with you our attendance for last week! We stayed above 90% all week!!

School Snapshot - Daily Attendance for Current Week					
	Monday	Tuesday	Wednesday	Thursday	Friday
Attendance	90.9%	93.0%	90.9%	90.2%	100.0%
Lateness	4.2%	1.7%	6.6%	3.5%	0.0%

-Special thanks to everyone and anyone who played a part or lent a hand in putting together of our 2019 Level-UP Community Forum/Dr. Betty Shabazz Day celebration! I hope everyone enjoyed the performances and activities that were put together for your enjoyment!

-As we narrow down on our 2018-19 school year, let us keep the same momentum and wrap up the year on a positive note! - Again, my contact info is as follows email - SMiller@partnershipwithchildren.org , mobile (646)531-0175, office ext. 1101. My Office is located in room 110, Please feel free to stop by any time!

Upcoming Dates to keep in mind...

· May 30th, 2019- P.S.298 Career Day

“Remember the Common Thread in Community is Unity”

Problem Type Review

Add To/Take From Change Unknown

Add To and **Take From** problems have an action in the problem. The situation changes over time. Add to problems denote the action of joining a group. Take from problems denote the action of removing from a group. **Change unknown** means that the start and result are given. The change or the action is unknown. 1st and 2nd graders are expected to master this problem type. Here are some examples.

Add to Change Unknown: Rosa had 12 pencils. Her mother gave her some more. Now Rosa has 18 pencils. How many pencils did Rosa's mom give her?

Take From Change Unknown: There were 2 dozen donuts in the box. Shawn and his brothers ate some donuts after school. Now there are 15 donuts in the box. How many donuts did Shawn and his brother eat?

Lunch and Learns

I will host lunch and learns as a follow-up to our solving word problems PD. You will get the opportunity to practice some of the games/center activities that we briefly discussed during the PD. The dates are as follows:

Grades K - 2 Wednesday, May 22

Grades 3 - 5 Wednesday, May 29

Refreshments will be provided.

Please ensure that students remain engaged during the final months of school. Content learned throughout May and June will be important for success in the next grade. Please let me know if you need support implementing any of the tasks or games that Deepa shared during last week's visit.

I will be at Ps 298 on Tuesday and Wednesday this week.

Ms. Harrison's Tech Corner

"Greetings!

Thank you teachers for collaborating in laptop cart rotations. Please leave all laptops inside of cart that do not belong to your class. There are currently 30 laptops in the cart. There are laptops being repaired as well. Thank you.

Technology inventory will begin soon. I will also begin collecting equipment the first week of June. Please ensure you have the laptops, headphones, iPads that were assigned to your room ready for collection.

Renovations on room 330 are ongoing until end of May. Technology preps will take place in classrooms during this time.

New carts are being ordered in order for each grade to have their own.

Please remember all signed out laptops must be returned by 3:20 to its original housing room. It is important that all laptops are returned to the cart that are not attached to your class. Ensure that it is plugged in so the next class will have charged devices. Thank you!

Regarding the fifth grade/Coding 3rd floor cart (housing room is room 330; temporarily room 331) Thank you!

Things to try:

To our indefatigable staff:

I would love to be in your classrooms to assist when hardware and software issues arise which is very unpredictable. I want to empower you to learn one step at a time how to troubleshoot some of the problems that arise.

Here are some tips:

Write down your steps: Once you start troubleshooting, you may want to write down each step you take. This way, you'll be able to remember exactly what you've done and can avoid repeating the same mistakes. If you end up asking other people for help, it will be much easier if they know exactly what you've tried already.

Take notes about error messages: If your computer gives you an error message, be sure to write down as much information as possible. You may be able to use this information later to find out if other people are having the same error.

Have a great week!

Message from Ms. Ogunsuyi

3K Teachers

Pre-k offer acceptance window is now open until May 31. Please encourage all parents to bring in their offer letters in order to accept the offer and to register their child for Pre-K. Registration is not completed until this important step in the process is completed. Please see myself or Ms. Batts with any questions regarding this process.

K- 5 Teachers

iReady

Thank you TONS for getting your iReady ELA Diagnostic 3 completed ! Our completion report looks amazing! I will send out a separate email with the completion report. . We are beginning our Math Diagnostic today. Please see the schedule sent out last week for your testing periods.

Running Records

Running Records teacher assessment copies A - Z and the student copies for assessments L- Z have been copied. They are organized by letter on the table in front of Ms. Basir's (Parent Coordinator) desk in the main office.

Because we do not simply have the bandwidth to make more than 30 copies of each assessment at a time, please take no more than 3 copies of each assessment you need daily. The copies will be replenished at the end of each school day until all assessments have been completed.

The master copies of each assessment have been placed in a folder in the same location. Please do not remove these as they are for Ms. Brothers and Ms. Scott who will be making the new copies daily.

Regards,
Nifemi Ogunsuyi
Master Teacher
